# VARSHITH SHARMA

## FREELANCE WEBDEVELOPER

### PERSONAL PROFILE

I am an undergraduate working as a full stack web developer for freelance projects. I have completed more than 6 projects for various freelance jobs. I can not leave a job unfinished especially when I am stuck at a place that makes me more committed to work. I am a quick learner.

### WORK EXPERIENCE

#### WebDevelopment Intern

NIIT University | Oct 2019 - present

- Working with the college administrative team and fix the bugs in the micro-applications.

#### Back-end development Intern

Freelance | Dec 2019

- Working with the backend team and fix the bugs
- Collaborated with front-end team
- Developed five micro applications for the project
- Work with Dev-ops team and help to deploy flask application in EC2 instance

### Tech Stack

- Flask
- Django
- React & React Native
- AWS ( EC2, S3, Lamda, Ect)
- Python & JS
- Google search console
- Cloudflare DNS and Godaddy
- Jinja 2
- HTML & CSS

### EDUCATIONAL HISTORY

#### NIIT University

Graduation in Computer Science Engg | Jan 2018 - Dec 2022

- Learned basics of computer science with python as my primary programming language
- Worked with various startups on launching new apps and services
- GPA: 4.9
